

Saronno 11/12/2015

Dear friends,

many thanks for the journey we have traveled together to defend the rights of the most disadvantaged children .

It ' was a long journey, some time not easy , but the partnership between our two associations has never failed and we are really proud to have been able to support and to realize our projects with a professional partner as you .

Special thanks go to Mekdes , courageous woman , who has always fought to enforce the rights of children and to help the poorest and most in trouble.

We hope that our cooperation can continue for a long time.

Congratulation to Ifso for the 20th years of work.

Warm regards

For IL SOLE Onlus
